

Indo-European Science and Technology Joint Call for proposals - Biobased energy - Pre-announcement

Within the framework of the INDIGO Partnership Programme an **EU-India S&T joint call for proposals on « Biobased energy »** is planned to be launched in April 2016

Topics:

Biofuels

From waste to energy

Stay tuned for more information !

WHAT IS THE INDIGO PARTNERSHIP PROGRAMME (IPP)?

The aim of the IPP is to support **high quality research and innovation projects involving partners from Europe and India**. The INDIGO calls for proposals aim at creating new collaborations between Europe and India or strengthening existing ones in thematic areas that address global challenges, thus favouring the development of innovative services and products.

WHAT CAN BE FUNDED?

Within the framework of the IPP S&T Joint call for proposals, research projects with a maximum duration of 3 years will be funded.

Depending on national regulations, the following items can be funded:

- ◆ Mobility
- ◆ Organisation of events
- ◆ Research costs
- ◆ Personnel costs

WHO CAN APPLY?

Applications may be submitted by **public and/or private entities which are eligible according to**

their respective national/regional regulations.

Consortia that wish to apply for funding of a research project within the above mentioned topics, have to consist of **at least three partners**: two from different European countries participating in the call, and one from India.

Countries likely to participate in the Call are: India, Belgium (Wallonia - Brussels Federation), Estonia, Finland, Germany, Latvia, and Portugal (tbc). This list of funding organizations is **not definitive** and until the launch of the call, some countries **might be added or removed**

Partners from countries other than those participating in the IPP S&T Call can join a consortium but have to secure their own funding.

WHY APPLY?

You will get a chance to:

- ▷ **Initiate new and excellent collaborations and expanding existing partnerships**
- ▷ **Access the INDIGO network through its common online platform and joint events**
- ▷ **Achieve a critical mass to address major scientific challenges and therefore ensuring a significant impact**

▷ **The Call is planned to be published in early April 2016 on INNO INDIGO Website.**

▷ **For more information please contact the Call Secretariat : lucie.durocher@cnr-dir.fr**
